

INSULATION PLUG

Easy application with a hammer hit. The hammer installation allows fast setting, thereby reducing the amount of work. With the metal insulation plug you can, for example, fix mineral / glass wool, foam glass tiles and light building boards made of wood wool.

FEATURES:

Drill Diameter	8mm
Anchor Length	60-90-110-140-170-200-250-300 mm
Washer Diameter	35mm
Quantity per Package	50 pcs.

STEEL:

Material	Steel
Thickness	7mm
Zinc Coating	Min. 100gr/m ²
Yield Strength	148MPa
Tensile Strength	293MPa
Elongation	45%

STAINLESS STEEL:

Material	Stainless Steel
Thickness	7mm
Hardness	160
Yield Strength	260MPa
Tensile Strength	642MPa
Elongation	69%

COMMERCIAL DATA:

SIZE	WEIGHT (KG PER 1000)		PACKAGING (PCS)		
	STEEL	STAINLESS STEEL	PACK	OUTER	PALLET
60	12,50	12,75	50	250	18000
90	17,40	17,75	50	250	13500
110	19,00	19,40	50	250	13500
140	23,50	24,00	50	250	13500
